BROADLANDS ASSOCIATION BOARD OF DIRECTORS MEETING

Tuesday, June 14th - 6:00p.m.

The Clubhouse
43360 Rickenbacker Square

Board of Directors Meetings

Monthly meetings are held in the conference room of the Clubhouse on the second Tuesday of the month at 6:00pm.

Residents are welcome to observe the public portion of meetings and to address the Board during the 'Homeowner Forum' section of the meeting.

BOARD MEETING HIGHLIGHTS

The following actions were taken by the Board of Directors at their meeting held on May 12th, 2016:

- Approved minutes of April 12, 2016 meeting
- Appointed officers to the following one year terms: Eric Bazerghi as President, David Baroody as Vice President, and Dawne Holz as Secretary/Treasurer
- Approved the installation of two beehives in a wetlands area
- Approved the draft 2015 Audit
- Approved The Care of Trees proposal for tree care applications
- Supported the Wynridge Drive trail extension being installed by Van Metre
- Reviewed the March financial statements
- Suspended pool, fitness center, and other privileges for delinquent owners
- Reversed a portion of violation charges for an owner who had corrected a violation within 90 days following the prior Hearing

Summertime Blues

The Nineteenth Annual Meeting of the Membership was held on Tuesday, May 10th. I would like to congratulate David Baroody, Eric Bazerghi, Denise Harrover, and Todd Parsons on their election to the Board of Directors. I look forward to another year of productive meetings as we continue to embrace nature, provide the best events in the area, maintain

and update our facilities and infrastructure, and provide the routine services you've come to expect from your HOA. If you haven't attended a Board Meeting, I encourage you to come meet the board, see how the business operates, and provide your feedback to the community. We meet on the second Tuesday of the month at 6:00pm at the Clubhouse. Our approved minutes are available for review on FSRCconnect, and a synopsis is provided each month in the newsletter.

Despite record breaking snow and rain in this El Nino year, we've finally made it to June which means the pools have opened, the days are getting longer, and school is letting out. The dog days of summer stretch out ahead of us with all of the wonderful outdoor activities available for you to enjoy. I love summer for the hiking and biking, bbq's and pool parties, tan lines and concerts. Unfortunately during summer break we see a huge increase in all types of vandalism throughout the community. We notice spikes in vandalism every time there is a break from school (winter, spring, and summer), but we get hit the hardest during the summer since the weather and daylight is conducive to being outside even late into the night and not all kids have a set routine with early morning alarms and homework to keep them occupied.

We see everything from spray painting on overpasses, streets, sidewalks, tunnels, and tot lots, to the breaking of light fixtures in the tunnels and tennis courts, setting fire to things, knocking over light poles on the walking trails, breaking into the pools and throwing the furniture into the deep end, putting firecrackers into and smashing

MODIFICATIONS & COMMUNITY INFORMATION

MODIFICATIONS SUBCOMMITTEE

The Subcommittee meets at 7:00p.m. in the Nature Center conference room on the first and third Wednesdays, March through October, and only the third Wednesday, November through February.

Applications must be submitted by noon on the Thursday before the meeting to the Secretary to the Modifications Subcommittee, Robin Crews. Submissions may be emailed to rcrews@broadlandshoa.com or delivered to the Association office in the Nature Center, 21907 Claiborne Parkway. For your convenience, there is a drop box available for after-hours submissions.

Visit broadlandshoa.org/for-residents/design-guidelines/ for complete guidelines and information required to be submitted with your application, as failure to include all information will delay review of your application.

A response to your application is generally sent within one week of the meeting.

There have been reports that some emails are being delivered to residents' junk/spam folder. LET'S KEEP BROADLANDS TIDY

Please remember to secure your trash and recycling to prevent loose pieces from littering our neighborhood.

Trash and recycling containers should not be placed at the curb prior to 6:00pm the night before pick up. Newspapers delivered to your driveway should be removed as promptly as possible to prevent an unsightly mess.

Vandalism from page 5

mailboxes, tipping over or stealing portable restrooms, and stealing fire extinguishers from Broadlands Live tents. We've even had instances of people breaking into the pools overnight and defecating in them, which is not only repulsive for those having to clean up the mess, but disrupts the on time opening of the pools to the rest of the residents or swim teams.

These acts of vandalism cost the association in valuable resources, from staff time contacting the sheriff's department and filing police reports to paying contractors to clean up the messes. These efforts take resources away from other association funded activities and improvements. Nobody wants to take their young child to a tot lot for a play outing only to find the slide covered in phallic symbols. The association has and will continue to press charges against those caught in the act, and will cooperate with the sheriff's department in these cases. I have been subpoenaed as a witness for hate crimes that have taken place on association property. I have called parents who thought their children were safe at a sleepover but snuck out and have been caught trespassing in the middle of the night. I have taken calls from residents who have heard the teens yelping when jumping off the diving board into the chilly waters of the Southern Walk pool in September after the pools have been partially drained, which could easily lead to a broken neck or back.

The association contracts with an independent security company to help patrol the community and they have caught several vandals in the act over the years; however, they cannot be omnipresent. We rely on our residents to help keep an eye on our precious assets, and speak to and know the whereabouts of their children and teens. If we make ourselves aware of the issues affecting our surroundings, we can keep Broadlands a vibrant and safe community. To report suspicious activity, contact the Loudoun County non-emergency number at 703-777-1021.

Cheers,

Sarah

THE NATURE CENTER FAMILY HAS LOST A DEARLY LOVED MEMBER

Our sweet and very friendly bunny, Zoe, a much loved member of the Nature Center family, was put to rest on Thursday, April 14th.

She was rescued with her sister Khloe by our staff member, Robin Crews, from the Animal Welfare Rescue League of Arlington several

years ago. Zoe lived a charmed life here in the Nature Center for six years. She loved to visit, running out of her house whenever a staff member would walk by in hopes of a pet, treat or cuddle.

Zoe is buried on the Nature Center grounds. Her resting place will be marked by a memorial stone in the future.

She and her sweet nature will be greatly missed.

BROADLANDS COMMUNITY INFORMATION

SAVE YOURSELF TIME, MONEY AND AGGRAVATION

Before you make any modification, change or addition to the exterior of your home, an application is required for the Modifications Subcommittee to review. Don't be misled by well meaning friends, neighbors or contractors. It is the owner's responsibility to file an application for all exterior work. A county permit does not circumvent this requirement. The process is easy if you apply before work commences.

What can happen if you don't submit an application? You may be ordered to cease and desist, which might cause your contractor to charge additional money for delays in completion. You may have to appear before the Board of Directors at a violation hearing. You may be assessed a fee of up to \$900, which will be added to your account and to which late fees, attorney fees, and court costs can be charged if payment is not made. You may be taken to General District Court for a judge to hear the case and determine the penalty. You may lose your recreational and voting privileges. You might have difficulty selling your home if violations are noted in the resale package which you provide to your buyer.

Please consult the Design Guidelines on the website for detailed information. Submit a complete application package in order to obtain approval prior to beginning any work. The Design Guidelines provide a framework to maintain design quality throughout the community, to promote sensitivity for the natural environment and to encourage consistency of design while allowing flexibility for achieving design solutions. If you have any questions about architectural modifications, please contact Robin Crews, Secretary to the Modifications Subcommittee, at 703-729-9704 or rcrews@broadlandshoa.com.

JUNE COVENANTS CORNER

During the month of June, the Inspectors will be focusing on lawns in need of weeding. Lot owners and residents are required to keep their properties free of excessive weeds, overgrown or unsightly shrubbery or other plant growth, with detailed guidelines outlined in the Procedures and Standards Relating to Yard and Lawn Maintenance (see For Homeowners' Rules and Regulations on the website). This resolution was adopted by the Board of Directors for the benefit and protection of all owners in order to ensure that all lot owners maintain their yards and lawns in a neat and orderly condition.

Lawn maintenance violations include: excessive weeds, overgrown or unsightly shrubbery or other plant growth in turf areas and mulch beds. Dead plants and shrubs

If these conditions are noted, a Warning and Hearing Opportunity letter will be issued to the property owner, providing ten days to correct the issue. If the violation is not corrected within ten days and a Hearing is not requested, the HOA or its contractor will enter the lot and correct the violation, and the resulting repair costs as well as an administrative fee will be charged back to the owners' account.

If you have questions regarding this process, or if you receive one of these letters and are unable to correct in the time allotted, you may contact the covenants inspectors at covenants@broadlandshoa.com to request a reasonable extension to rectify the issue.

Throughout the year, the Covenants Inspectors inspect the homes in the community for a variety of issues ranging from trash containers in view to parking issues and unapproved modifications to leftover holiday decor. In addition, certain seasons dictate the need to focus on particular violations that occur with high frequency.

BE A GOOD NEIGHBOR

When blowing leaves and grass clippings, please blow them into a pile and place them into a recycling bag for collection on disposal/recycling pick up days. Leaving leaves and grass clippings on the street is messy and lends them to blowing onto your neighbors lawns.

Oh, that little red-headed girl! Can Charlie Brown win her heart? Grab the kids and a blanket and stake out your place on the Nature Center lawn for an evening with Snoopy, Woodstock and the whole Peanuts gang. Lawn chairs* and coolers are welcome. Popcorn and drinks are provided.

Movies begin around sundown - the times listed are approximate.

In the event of inclement weather, check the HOA website to see if the movie is cancelled or rescheduled.

Rated G, 88 minutes. Parental guidance is available on the website.

Saturday, June 25, 8:45 pm The Peanuts Movie

The previously scheduled movie, Kung Fu Panda 3, will not be released until June 28. We hope you enjoy The Peanuts Movie. We will try to show Kung Fu Panda 3 next summer.

*We request that lawn chairs keep to the sides as to not block the view down the center.

IN THE GARDEN

Winning the War on Weeds

By Nancy Caldwell

Virginia Cooperative Extension Loudoun County Master Gardener

April showers may bring May flowers, but in June spring rains and warmer temperatures bring turf weeds, and lots of them. If you're waging a war on weeds, sorry to say there is no secret weapon, but there are a few strategies that can help.

The best defense is a good offense:

The best protection against weeds is a thick, healthy lawn. For now, that means mowing high - at least 3". Try not to cut more than 1/3 of the lawn's height at any one time, as it causes stress in warmer temperatures. Use a rain gauge to ensure you're getting at least an inch of water per week, and supplement Mother Nature when needed.

Know the enemy:

It's important to know what kinds of weeds you're dealing with and their lifecycle before going for the nearest weed killer. Some winter annual weeds, like henbit, chickweed, and bittercress for example, are best controlled in fall. Applying an

herbicide now won't help much. If you're not sure, there are many resources available online to help identify the weed to successfully eliminate it.

Time your attack well:

Crabgrass and goosegrass are best treated before they germinate with a pre-emergent herbicide. They're much harder to remove once they've sprouted. Cool-season perennial weeds such as dandelion and clover can be controlled now with an appropriately selected and timed post-emergent herbicide.

Choose your weapons wisely:

Read the label carefully before purchasing any type of herbicide. It will tell you what weeds it controls, how to apply it and how to properly dispose of it. There are

many 'weed and feed' products on store shelves right now that have a variety of herbicides. Be sure to distinguish the products that are pre-emergent versus those that are post. A pre-emergent does nothing to control an existing weed and a post-emergent is useless to control germinating weeds.

LCSO Offers Tips to Prevent Mail Theft & Check Fraud

Loudoun County, VA- A recent increase in mail theft resulting in check fraud has the Loudoun County Sheriff's Office advising residents to take steps to prevent identity theft.

The thieves are targeting residential mailboxes in neighborhoods and taking any outgoing mail in hopes of finding checks. The amount of the checks are then altered so they can be cashed at banks in the Washington, D.C. metropolitan area.

"Unfortunately the convenience of a mailbox at the end of your driveway has become a crime of opportunity for thieves," said Loudoun County Sheriff Mike Chapman.

In light of these thefts, the Loudoun County Sheriff's Office is offering suggestions on how to avoid becoming a victim of mail theft:

- Place outgoing mail in an official USPS collection box or drop off the mail at a United States Post Office or mail service store
- Utilize a Post Office Box (P.O. Box) as your primary residential mailbox
- Make payments online when available or utilize automatic electronic payment options for routine or scheduled payments
- Protect incoming mail by purchasing a USPS approved locking mailbox
- Try to retrieve your mail shortly after it is delivered. The longer the mail remains in the mailbox, the more opportunity there is for it to be stolen.
- Report suspicious activity immediately by calling 703-777-1021

If you are a resident of Loudoun County and believe you were a victim of mail theft and check fraud, please contact the Loudoun County Sheriff's at 703-777-1021 or file a report online at <http://sheriff.loudoun.gov/reportonline>

TID BITS OF THIS AND THAT

Free Gardening Lecture – June 2nd: The Native Meadow at Wolf Trap National Park For the Performing Arts: From Inspiration to Maturity

Did you know that the grounds of the Wolf Trap National Park for the Performing Arts now include a meadow and a woodland garden where native flowers, shrubs and trees flourish?

Please join us at 7:00pm on Thursday, June 2nd at Rust Library in Leesburg for a special presentation by Phil Goetkin, National Park Service award winner and former Chief of Grounds and Natural Resources for Wolf Trap.

Phil will describe how the native meadow at Wolf Trap was planned, designed and created - and share his passion for the use of sustainable landscape techniques, the preservation of our natural resources and the restoration and creative use of habitat landscapes.

During his tenure at Wolf Trap, Phil not only created the native meadow, but also two rain gardens, two demonstration organic vegetable gardens, planted over 1,000 native trees and shrubs and inspired the development of a native shade garden.

For more information about the lecture or the Loudoun County VCE Master Gardener program visit the website: loudouncountymastergardeners.org or call the Loudoun Extension Office at 703-777-0373.

YOUR DENTAL HEALTH

Back To Basics: Toothbrushing!

By: Michael Kim, DDS of Goose Creek Village Dental

BRUSHING OUR TEETH is something we do everyday. And yet it's easy to fall into a routine of bad habits if we're not careful! Developing correct brushing techniques and sticking to them is crucial to the health and appearance of your smile.

Toothbrushing DO's

1. **Use the right technique.** Tilt the brush at a 45-degree angle against the gum line and brush using small circles. This method is the most gentle and effective way to remove plaque!

2. **Brush for the correct amount of time.** Proper brushing takes at least two minutes! To make sure you brush for the right amount of time, use a stopwatch or listen to your favorite song while brushing. When deciding how much time to spend brushing your teeth, the important thing to remember is that it's not about a prescribed amount of time, it's about cleaning all the surfaces of your teeth.

3. **Brush morning and night.** Brushing your teeth should be an absolutely essential part of your daily and nightly routine. It's also important to avoid midnight snacking! Sleeping directly after eating significantly raises your risk for cavities.

4. **Replace your brush.** The ADA recommends buying a new toothbrush every 3-4 months. Over time, the bristles of the toothbrush wear down and become less effective at removing plaque and bacteria. It's also important to swap out your toothbrush after being sick, otherwise the germs from your illness may reinfect you.

Toothbrushing DON'Ts

1. **Don't put yourself at risk for gum recession.** Use a soft-bristled toothbrush and refrain from aggressive brushing. Brushing with a hard-bristled toothbrush or using excessive

force while brushing can slowly cause gums to recede, exposing the root of the tooth and leading to sensitivity. Not fun!

2. **Don't ignore the rest of your mouth.** Especially your tongue! Did you know that 90 percent of bad breath is due to a dirty tongue? That's why it's so important to thoroughly brush the tongue or use a tongue scraper.

3. **Don't underestimate the importance of visiting your dentist.** No matter how well you brush, biannual visits to your dentist are imperative to keeping your smile radiant and healthy! Professional cleanings and checkups are the easiest way to avoid dental problems in the future.

Brush Your Tongue!

A healthy tongue is incredibly important for a healthy mouth. We know we talk a lot about your teeth, but it's time we told you more about your tongue, that amazing muscle that allows us to speak, taste, and swallow!

Get Rid of Bacteria by Cleaning Your Tongue

You've already brushed your teeth for two minutes and you're ready to be done. Not so fast! Cleaning your tongue is just as important as cleaning your teeth. Did you know that almost 50 percent of the bacteria in your mouth is on your tongue? If you don't worry about cleaning your tongue, that bacteria will transfer to your teeth even after you've brushed. Your oral health care routine should always include a good tongue cleaning!

Here's another interesting fact: 90 percent of bad breath comes from a dirty tongue! Until you learn how to clean your tongue, you may not be able to get rid of that lingering halitosis.

Cleaning Your Tongue Is Easy

There are three tools to choose from when it comes to cleaning your tongue: a tongue scraper, a tongue brush, or your handy dandy toothbrush.

- Use a tongue scraper for a thorough cleaning. This tool is usually made of soft, flexible plastic, sometimes metal. It gently peels the thin mucus-based layer of debris from your tongue. You should scrape from the back of your tongue to the front. Rinse the scraper after each swipe of the tongue.
- A tongue brush works just as well as a scraper. Some opt for a tongue brush that has bristles specifically designed to clean out the crevices of the tongue. Again, start cleaning at the back of your tongue and work your way forward. Rinse the brush well after use.
- Toothbrushes work best for teeth. While it's better to use a toothbrush on your tongue than nothing at all, toothbrushes were designed to clean the hard enamel of your teeth, not the soft surface of your tongue. You may not get as thorough a clean using your toothbrush. However, the mechanism is the same; start at the back and work your way to the front.

Your Mouth Will Thank You

Your mouth will thank you for a clean, healthy tongue. Cleaning your tongue once or twice a day before or after brushing will greatly improve your oral health, not to mention your breath! It's a win-win!
