

Mailboxes

General Considerations

No application is required for the replacement of an existing, standard approved mailbox or post. However, should there be a variance in material, color, size or style from the original mailbox or post then an application is required.

Specific Guidelines

- For **single-family detached** houses, mailboxes shall be located at the curb immediately adjacent to the driveway.
- Curbside mailboxes and posts must conform to the original design parameters for the section. Minor variations in the color, size and style of the mailbox or post will be considered on a case-by-case basis.
- Newspaper delivery boxes, where desired, shall be incorporated within the design of the overall mailbox support post bracket.
- Height and setback must conform to the United States Postal Service regulations.
- House/unit numbers on a curbside mailbox are encouraged.

Submission Requirements

- A copy of the property plat showing the house, driveway, property lines and the proposed location of the mailbox.
- A photograph or drawing of the mailbox and post including dimensions, material, and colors.
