Come Out to the Annual Broadlands Clean-Up and Help to Keep Broadlands Beautiful

The 5th Annual Broadlands Clean-Up is scheduled for **Saturday, March 3rd at 10:30 am**. Each March we meet to remove the trash that has blown into the woods and fields between housing and the Southern Walk shopping center.

Wear clothing that will protect you from thorns and keep you dry (jeans, work gloves, long sleeve shirts, boots, and sunglasses). If you have a metal garden rake please bring it. We'll provide trash bags. In other years we've collected more than thirty large bags of trash.

Expect to spend about an hour, but the more people we have the sooner we'll be done. Meet at the bottom of Bramblebush Terrace at 10:30a.m. If you need more information contact Andy by emailing woodybang@hotmail.com.

In the event of inclement weather, we'll try again at 10:30 on March 4th.

Broadlands Annual Egg Hunt Saturday, March 31st

Peter Cottontail will arrive at the Community Center Parking lot at **11:00a.m.** to kick-off this annual Broadlands event! Follow him through the tunnel to Hillside Park where the Egg Hunt will take place.

After all of the eggs have been collected, Peter Cottontail will be available for photos, so don't forget your camera!

In the event of bad weather, Mr. Cottontail will have a seat in the Community Center from 11:00a.m. to 12:30p.m. to visit with the children, hand out eggs and to have photos taken.

BROADLANDS

March 1, 2012

Dear Broadlands Homeowner:

In May, the Broadlands Association will elect its Board of Directors to serve for the coming years. Members of the Board are volunteers who oversee the business of Broadlands both in the collection and spending of monies, the selection of contractors, and all day-to-day operations. Members are vital to the Association through their supervision that directly affects the budget and therefore, the fees that all owners pay.

The Association is now asking for volunteers to run for the Board of Directors. This year at the Annual Meeting, to be held on Tuesday, May 8, 2012, three (3) individuals will be elected to the Board of Directors, each for a three year term. To become a director, you must be a Unit Owner in good standing. The Board currently meets monthly on the second Tuesday of the month at 6:00 pm. In accordance with the By-Laws, Article III, Section 3.5(b), should an adequate slate of candidates be available the night of the Annual Meeting, nominations from the floor *may* not be accepted.

For those of you who would be willing to serve, a completed Nominating Petition/Candidate Profile Sheet must be received at the Broadlands Association, Inc. office by **April 20, 2012**. Nominating Petition/Candidate Profile Sheets may be mailed to Broadlands Association, Inc., 21907 Claiborne Parkway, Broadlands, VA 20148, dropped off at the Nature Center, faxed to 703 729-9733 or emailed to mburns@broadlandshoa.com. They will be included in the package of materials sent to all owners with the Annual Meeting announcement. This is necessary so everyone may become familiar with your qualifications prior to the elections and allows you to receive proxy votes that are sent in prior to the Annual Meeting. Pertinent information you may want to include could be; the length of time you have owned a home in Broadlands, committee work in which you have participated, educational background, and any work-related or other skills that you feel might be helpful to the operation of Broadlands as a business and social enterprise. Although the deadline for Nominating Petition/Candidate Profile Sheets is April 22nd you may take advantage of having your profile sheet included in the May newsletter by submitting it **by 5:00 PM Wednesday, April 11, 2012**.

For those of you that submit your name for election, we thank you for your willingness to assist in the success of your community. Remember to mark your calendars for May 8, 2012, the Annual Meeting of Broadlands!

Sincerely,

Maureen Burns

2011-2012 Snow Removal Guidelines

Within this section, you will find a list of streets indicating which entity is responsible for snow removal. ***Please reference this list to determine who to call with snow removal concerns.*** Broadlands Association provides snow removal for the private streets that have been completed by the builder and are owned by the Association. As the public streets in the single family home sections are accepted into the state road system, they will be maintained by the Virginia Dept. of Transportation (VDOT). Any new construction areas in Broadlands would contact their builder, Van Metre, unless their section/street is included in the HOA or VDOT areas to plow. Major roadways such as Claiborne Parkway, Demott Drive, Vestals Gap Drive, Ellzey Drive, Chickacoan Trail Drive, Glebe View Drive, Truro Parish Drive and Route 625 (Waxpool Road) are considered priority snow removal routes. After these roadways are cleared, work will begin on the secondary residential streets.

Snow plowing is to begin after there has been an accumulation of 2 inches of snow. Sand and/or chemicals will be used at critical intersections and as needed on streets.

In addition, there is a Loudoun County ordinance (Chapter 1022) that requires the owner/occupant of a property which has a public sidewalk adjoining or touching the property in front, rear or either side, to clear or treat that sidewalk for snow and ice within 6 hours of a snowfall (by 12:00 noon for overnight snowfall). Property owners abutting common areas (i.e. along Ellzey Drive) are also responsible for clearing those sidewalks. This will provide a safe walkway for children going to school. The County Department of Building and Development is responsible for enforcement of this ordinance.

STAY SAFE- Don't Skate on the Community Ponds!

Please remember skating is prohibited on all community ponds. Even walking on any ice covered pond can be very dangerous.

The surface of the pond may appear to be frozen, but our winters are normally not cold enough to guarantee that the ice is thick enough to support anyone's weight, even a child's.

Parents, please tell your children that it is extremely dangerous, even deadly, to walk or skate on the ponds in the community.

Let's keep our neighborhood safe!

Winter is Here - Please be Prepared!

Both Virginia and Loudoun County Codes require that the occupant - whether an owner or a tenant - remove all snow and ice from any walkway adjoining any part of their property within 6 hours after the snowfall has ceased.

If the snow or ice fell during the night, it must be removed by Noon the following day. Should the storm occur on Sunday, the accumulation must be removed by Noon on Monday.

Failure to comply with the Code can result in a fine of \$250.00 imposed by the county. Complaints should be reported to the County Department of Building and Development, (703) 777-0635.

Please be a good neighbor and a good citizen. Clear your walkways and keep Broadlands a safe environment for all our residents. If you know someone physically unable to keep their walkway clear, please consider giving them a helping hand.

Help Make Snow Plowing Easier and Faster

When a snow storm has been predicted, especially overnight, the snow plows will be working during the early morning hours. The best way to ensure that the plowing crews can clear the streets better and faster is to park in driveways and parking spaces. In many of the townhouse and private streets sections, a vehicle parked in the street can severely restrict the ability of the plows to do their work.

Help your community by parking in garages, driveways and marked parking spaces.

Thank you for your assistance.

Virginia Farm Bureau is Bringing a Powerful Message to Northern Virginians Who Want Healthy Food on Their Table

People are beginning to recognize that fresh, local food is both a health and security issue.

Local farmers markets in NOVA are at an all-time high. Some commercial developers are incorporating them at their sites. Local residents want to buy fresh, local, healthy food. Northern Virginians are joining CSAs (Community Supported Agriculture programs) in extraordinary numbers. More families than ever before are requesting healthy food education and activities for their children.

We've identified their "need to know" more and discovered they want to stand for something bigger and "DO" something that benefits them and their families. They want a quality lifestyle in the midst of the chaos. **SAFE, LOCAL FOOD MATTERS more today than ever before!**

Virginia Farm Bureau is bringing programs to your community to support your quality of life while engaging your children in activities that will later serve their families. Family and food are at the core of all we do so your children's children harvest food from their own backyard and never know hunger. **Learn how to grow your own healthy food in box gardens.**

The Critter Corner By Dr. Steve Velling Ashburn Village Animal Hospital “Activate Lasers!”

Kiko, a 10 year old female Scottish terrier, had been dealing with her arthritis for years, and though pain medications helped, there were some unwanted side effects such as stomach upset and lethargy. In addition to this, the pain medications had reached a point where they weren't as effective as they had once been and they were advised by their veterinarian to cautiously raise her dosages. Her owners didn't want to put her through surgery for her back and elbow, so they were left with the feeling that there was not much else to do to help Kiko. Fortunately there is a new alternative – a non-invasive option with quick and often lasting results.

Therapeutic Laser is a relatively new treatment for both acute and chronic conditions. It uses a Class 4 beam of laser light that penetrates deep into the tissue without damaging it. The laser energy induces a biological response in the cells called “photo-bio-modulation” in which the mitochondria in the cells absorb the light energy and start producing more ATP, which is the energy within the cells used for repair and rejuvenation. This allows for increased cell permeability (meaning the cells in the body are better able to move fluid in and out), thereby reducing swelling and pain, and increasing healing time.

The laser is applied by a hand piece and produces a warm feeling to the area being treated. Animals tend to relax as the laser is applied and they feel the immediate relief in the sore area. The lasting effects of the laser can be anywhere from a few days to several weeks, depending on the condition. More chronic conditions understandably take longer to heal. Some of the conditions that are treated are: for acute injuries - wounds, allergies, infections, tooth extraction sites, inflammation, sprains and strains, and post-surgical healing and pain relief, and for chronic injuries – degenerative joint disease, inflammatory bowel disease, lick granulomas, hip dysplasia, arthritis and ear infections.

When Kiko was treated with laser just one time, the owners noted an almost immediate response, and now that she has had 5 sessions, she has been able to lessen her dose of oral medication. Both she and her “mom and dad” are extremely pleased!

If you have any questions about laser therapy, or wish to schedule an appointment, just give us a call.

Till next time,

WE NEED YOU! **Do you need volunteer hours? Or would you like some busy work?**

Calling all volunteers! We need some help around the Nature Center. Our poor stuffed animals need repair, the creek and meadow have too much trash and we would love to have a sunning ramp for the wild turtles in the pond and a dock to pond dip from. Can you help? The dock and sunning ramp would make a great scout project for Eagle Scout or Senior Girl Scouts or an Environmental club at the high school level or above.

Please contact Lisa at naturalist@broadlandshoa.com if you are able to help us out!

Over 500 People Attend DiGiovanna Family Casino/ Poker and Silent Auction Event at Embassy Suites Hotel – Dulles North

There were over 500 attending the DiGiovanna Family Casino/Poker and Silent Auction event held at the Embassy Suites Dulles North on January 28, 2012. On November 27, 2011 **Tony DiGiovanna** drowned in a canoe accident at the Beaver Creek Reservoir in Ashburn, Virginia. He is survived by his wife of 15 years, and four kids. His tragic death was an incredible shock to many communities, and a very hard loss to his family and many of his friends and coworkers.

The Casino Night and Silent Auction fundraiser was born out of friends from the Northern Virginia area coming together to remember Tony DiGiovanna in three things he loved to do - be with friends, play music and play poker. People flew in from parts along the east coast and came from many local communities, including Ashburn and Bristow to celebrate Tony. Attendance included over 130 poker players and professional poker player, Rhett Butler (2006 World Series of Poker - 5th place winner).

The evening was humbling and fun for all. Without the support of local businesses such as, The **Embassy Suites Dulles North**, this tribute to Tony would not have been possible. Owned by Greg Miller, and with General Manager, Jim Ruedinger, The Embassy Suites very quickly seized the opportunity to help their local community and donated the hotel as the location for the event. The hotel also donated food at cost and discounted the room rates for over 30 overnight guests. The generosity didn't stop at the hotel. Matt D'Ercole, owner of **Always Fun Casinos** and a friend of Tony's with whom they founded Always Fun Casinos, donated over 12 Casino games, including Black Jack, Money Wheel, Roulette, and Slots. In addition, his dealers volunteered their time to work at the event. **Terry and Stephanie West donated their award winning BBQ**, and the **Dulles Wegman's** donated fruit platters, cookies and snacks.

People just wanted to help in any way possible and so the support continued to come in from restaurants, businesses and individuals who donated prizes and items for the silent auction.

Tumble Down Shack, a Grateful Dead tribute band that Tony loved to play music with, donated their time and equipment for this event. Sunny Trippel, the lead singer of the band is a close friend and neighbor of the DiGiovanna's.

This event has definitely helped many with the healing process of losing a great husband, father, son, brother, uncle and friend. There were many reunions that night, some going back 35 years ago. It was a fabulous event and it could not have been a more fitting tribute to the man that loved to gather with his family and friends.

The family would like to thank everyone involved especially **Dave and Christine Helpard** of Bristow, **David and GeeGee Annunziata** of Ashburn, **Matt and Michelle D'Ercole** of Centreville, **Kelly and Tim Sanders** of Bristow, **Sunny Trippel and Tom DeMay** of Ashburn, Virginia. The family would also like to extend thanks to those who sponsored and donated gifts.

Pool Season is Coming Up... Do You Know Where Your Pool Passes Are?

It's time to start looking in the bottom of your pool bag or maybe in the drawer with the swimsuits for your Broadlands Photo ID pool passes. Everyone aged 5 and up who wishes to gain admission to the pools will need one. If you are an owner and have the pool passes you used last year, you do not need to reapply. We will electronically reactivate them. If you cannot find your passes, new ones can be issued free of charge prior to the opening of the pool on May 26, 2012. After the pool opens, replacement cards are \$5.00 each. If you want a new picture for your replacement pass there is a charge of \$7.00 regardless of when the pass is issued.

New Residents, you must fill out an application, return it to the Nature Center and have your photos taken. Applications are available at the Nature Center, in this newsletter, on page 25, or online at www.broadlandshoa.org. Click on Pool Information in the Directory on the left hand side of the home page. Pool passes are issued to each individual age 5 and up living in the household. From the Naturalist....

By: Broadlands Naturalist, Lisa Matthews

Spring harkens the return of many of our migrating birds and the hungry animals waking up from their winter's sleep. The hungry animals start foraging for anything that looks or smells like food and unfortunately get themselves caught up in trash that can lead to their death.

Often, the trash does not always come from uncaring people throwing it out of their car windows, but from loose trash that never makes it into the disposal trucks. If the trash in your container is not contained it will often spill off and blow away into the wind and not land in the truck as hoped.

Plastic bags and plastic beverage rings are animal's worst enemies. Often times, the plastic bag can look like a familiar food source. Or like "Peanut", will get a beverage ring stuck around its body or throat. Peanut's shell grew around the plastic ring for 9 years before he was caught and it was removed. All of Peanut's internal organs have been displaced in his body. For a bird, these rings can catch on branches and hang the poor animal. If swallowed, the animals are unable to digest it or even eat other food and unfortunately die.

How can you help? Wild proof your garbage!

1. Whenever you go out into nature with food items, use reusable containers and always bring trash home and dispose of it properly.
2. Rinse, Recycle and Reuse - always wash these items before putting in the trash. The food remnants and odors will attract wildlife to your trash. Reuse as much as you can to lower your ecological footprint.
3. Cut into 6-inch pieces: rope, netting, rubber bands, fishing line **and** cut six-pack rings into little pieces.
 - Snip balloons into little pieces.
 - Tie plastic bags into a knot so that they don't blow away
 - Crush plastic containers making sure that you have crushed the opening so that an animal can't catch their head in it.
 - Remove tin can lids completely
4. Make sure that all trash is lidded and enclosed and ready for pick up so that it will not fly away when the trash trucks come.
5. Please help our neighborhood parks, streams and the ponds by cleaning up waste when you see it!

With everyone's help, we should be able to make great strides in the cleanliness of our parks and waterways with the added bonus of making Broadlands beautiful and safe for the wild animals and our children.
