A Note From Your General Manager, Sarah Gerstein

At long last, we have suffered through enough of winter and made it to the other side to reach spring. With the arrival of spring come the spring cleaning and yard sales, the rain showers and gardening projects. For the association staff, spring brings the hectic season of pool opening preparation and pool pass processing, reminder letters for lawn maintenance and trash cans in view and other violations, and a significant increase in modification applications.

With the melting of the snow and the arrival of warmer temperatures, the association will be stepping up inspections of exterior maintenance violations. These inspections ensure that the appearance of our beautiful neighborhoods is maintained. Covenant Inspectors can be identified by their bright orange safety vests with a Broadlands label on the back. Please be aware the Association has the right of access over and through any portion of the Property (excluding any occupied dwelling) for inspections, maintenance and to correct any violations. This right is granted to the Association, its managing agent, and any other person authorized by the Board of Directors in the exercise and discharge of their respective powers and responsibilities. If you are interested in the exact language and wording, it is located in Section 5.3(a) of the Declaration for Broadlands.

During the month of April, the Covenants Inspectors will be focusing on units in need of exterior painting and wood trim maintenance and issuing appropriate letters. If your unit is in need of repair or repainting, you will be notified via letter and given time to correct. If you are unable to correct in the time allotted, please be sure to contact the inspectors to establish a reasonable extension to correct. If you do not correct the violation in the allotted time and do not contact the inspectors to request an extension, you will be sent follow up correspondence in accordance with state statute and our Policies and Procedures Regarding Violations of Governing Documents, which could include a Hearing before the Board of Directors and the potential for violation charges being assessed against your account. Though it is not the preferred method, the association also has the ability to file a suit in General District Court to request a favorable ruling from a judge.

As a reminder, lot owners must obtain written approval from the Modifications Subcommittee prior to the commencement of all changes or improvements on or visible from the exterior of your unit. The Modifications Subcommittee meets the first and third Wednesday of the month from March through November. They meet the third Wednesday of the month during their slow season. Please note the new deadline for submissions is Noon on the Thursday before the meeting in order to ensure time for processing applications. Moreover, all applications must be complete before they will be forwarded to the committee. The Design Guidelines and application are available online at www.broadlandshoa.org. If you have any questions regarding this process, please contact Robin Crews, Secretary to the Modifications Subcommittee at rcrews@broadlandshoa.com or 703-729-9704.

If you are planning to put your home on the market, you must provide the contract purchaser with a resale disclosure package within 14 days of contract execution. Resale packages can be ordered online through Armstrong at <http://www.armstrong-mgt.com/>. Click on "Order Resale Documents" on the top of the page and follow directions. If you are purchasing or refinancing your unit and your lender requires a PUD questionnaire, you do not need to purchase these through Armstrong. Forms are completed by Broadlands staff for a \$50 fee. Please contact 703-729-9704 or joannehang@broadlandshoa.com to submit your form and arrange for payment. Please ensure that you have obtained written approval from the Modifications Subcommittee for all exterior modifications prior to requesting resale disclosure packages.

This time of year, portable basketball goals seemingly pop up everywhere. While the Broadlands Association fully supports active lifestyles for adults and children alike, VDOT prohibits play in roadways and Broadlands will not advocate or approve of situating basketball goals along roadways or so that play is in the roadways. Please remove all goals along all VDOT, declarant, or HOA owned roadways.

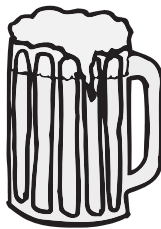

I hope to see you all out taking advantage of the extensive trail systems, utilizing one of the many play courts throughout the community, or attending one of our many nature programs as the weather continues to improve.

Happy Spring!
Sarah

We ALL Love May Flowers. But **IS YOUR DECK PROTECTED** From April Showers?

Your deck takes a lot of abuse, both from use and through continued exposure to weather...

...and after a few years, without proper care, they become weathered and uninviting. This time of year, extra moisture encourages surface mildew and causes stains, particularly where surfaces never completely dry.

With over 18 years of experience, we understand your plight and have come up with some cost effective measures and techniques to help you extend the life of your deck, as well as keeping it looking as beautiful as the day it was built.

Our services include, but are not limited to:

- Deck power washing/cleaning
- Deck sanding, staining and/or sealing
- Composite deck cleaning
- Power cleaning fences and other outdoor wood structures
- Exotic hardwood deck care
- House washing
- Brick and concrete pressure cleaning
- Roof stain cleaning

Have An Old Bike You Would Like to Get Rid Of? Here's a Solution

On April 21, Bikes for the World will hold a collection at Spokes, Etc. (20070 Ashbrook Commons Plaza #104, Ashburn, VA 20147) from 10:00a.m. until 3:00p.m. Bring your old bikes and a suggested \$10 donation (to help defray the cost of shipping). The donated bikes will be distributed overseas, where they will be reconditioned by community organizations to improve the lives of impoverished people by helping them get to work, school, and health clinics. We will provide receipts good for tax purposes for all bicycle and monetary donations.

If you have any questions, please contact Michael Dillard at april21bikecollection@gmail.com. Or, visit www.bikesfortheworld.org to see how donated bikes are helping change the world.

Remember, a bicycle can get someone someplace...like from poverty to self-sufficiency. Plus, it's a great opportunity for you to do some spring cleaning in your garage while doing something good for others. We hope to see you there!

Please Tie Down Your Trash on Windy Days

Please be sure to bind newspapers with twine or set out in paper bags. Weigh down your bottles, plastics and cans by placing heavier recyclables on top. Ensure that the lid of your trash can is tightly secured. Put smaller lightweight bags of trash together in a larger heavyweight bag. Don't put trash out early and PLEASE no loose "peanuts" or other packing materials.

Lastly, if the trash does blow over, please pick it up even if it isn't yours. Your HOA assessment provides for curbside trash removal. There is no budgeted amount for litter removal. The Association relies on homeowners to keep their neighborhoods free of litter and their assessments reasonable.

Spring Programs

"Wee Trekkers"

Age Groups: 18 mos-3 years

Dates: Fridays 10:45am - 11:30am

Start Date: April 5th

Cost: \$40 residents/\$56 non-residents for 8 week session

Every week we will visit a trail at the Broadlands Nature Center. In inclement weather, we will do crafts, stories, songs, and animal visits in the Nature Center.

"Wildlife of the World"

Age Groups: Kindergarten 2 - *this program is for homeschooled children*

Dates: Tuesdays 10:30a.m. - 11:30a.m.

Start Date: April 9th

Cost: \$30 residents/\$42 non-residents for a 6 week session

Help preserve wildlife through education. This program will allow children to learn about different exotic species, including the ones in our own Broadlands Nature Center! The children will have the unique opportunity to handle a few of the animals. What better way to learn about wildlife than active involvement! Crafts, songs, stories, and outdoors will add to our fun!

"Little Scientist"

Age Groups: Grades 3-5

Dates: Thursdays 3:30-4:30p.m.

Start Date: April 11th

Cost: \$30 residents/\$42 non-residents for a 6 week session

If you are looking for fun, exciting, hands on science activities you have come to the right place. This program will help your child learn essential steps to experimentation. We will do various experiments dealing with everything from plants and biology to chemistry and physics. This is a wonderful learning opportunity to help your child get a better grasp on the SOL curriculum. And, of course, we will be outside as much as possible enjoying the beautiful spring weather!

For more information or to register, please call 703-729-9704 or email naturalist@broadlandshoa.com.

All programs meet at the Nature Center. We will go outside for most programs so please dress appropriately for the weather and wear sturdy shoes.

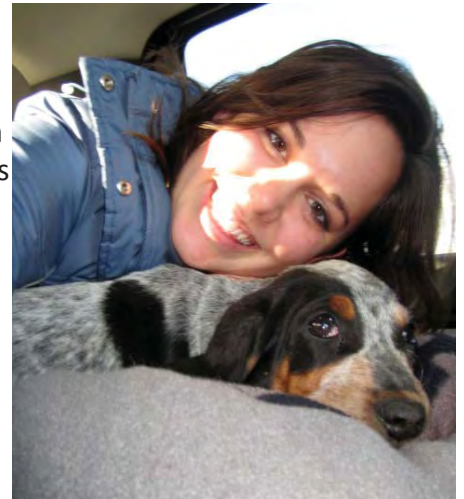

Broadlands Welcomes ANS Naturalist, Alexandra Vlk

My name is

Alexandra Vlk;

I am excited to announce that I am the new Broadlands Naturalist.

I graduated from James Madison University with a degree in Ecology and Environmental Biology. While an undergraduate

student, I traveled to Thailand where I had the opportunity to educate the locals about animal welfare and environmental issues. My experience in Thailand helped me realize the importance of educating others about the environment. After graduation, I worked with The Wildlife Center of Virginia rehabilitating wildlife and teaching animal welfare programs. I then traveled to Ecuador to do conservation work.

I am happy to have the opportunity to work with the Broadlands community and excited to establish educational programs that increase environmental awareness. In the Spring, come have fun at the Nature Center with some of our exciting programs, which include: Wee Trekkers, Little Scientist, and Wildlife of the World. Our programs provide a great learning experience and a lot of fun, along with some fresh air. We also have scouting programs available for the Scouts to earn their nature and wildlife badges.

I look forward to meeting everyone!

Loudoun Wildlife Conservancy Launches County-Wide Monarch Butterfly Campaign

Graceful, brilliant, they are the Monarch Butterflies. We see them in our gardens from July through October. We learn about their remarkable 2000+ miles great annual migration from the United States and Canada to central Mexico. We discover that in Mexico, they congregate by the millions in a tiny mountain area and rest for the winter. We await the return north in the spring to lay eggs for us to marvel at their metamorphosis and savor their beauty. But with all their majesty, their future is imperiled.

Monarch numbers have been on a steady decline for the past 15 years. This year, the number of Monarchs reaching Mexico is the lowest ever recorded! Habitat loss is among the contributing factors. Though the situation may seem grave, people of Loudoun are taking action! In January, Loudoun Wildlife Conservancy launched a Monarch Campaign focused on "Bringing Back the Monarch, Keeping the Magic Alive." Over 100 local residents met to kick off a county-wide campaign and more join every day to take up the charge. People from all walks of life are joining in - from MOMS groups to Girl Scouts to churches to teachers in our public schools to businesses, parks and more.

The campaign has 5 main elements:

- Share the story of the Monarch through educational and community programs as well as business partnerships.
- Plant gardens County-wide that support Monarchs and other pollinators.
- Raise and release 2,013 Monarchs this summer and fall. Connect with counterparts in Mexico to support Monarch forest habitat restoration.
- Keep the campaign going into future years, because solving this problem is a marathon, not a sprint.

Loudoun County residents can take part in this campaign in many ways: plant Monarch Waystation gardens at homes, schools, churches, and businesses; create projects to help raise awareness; adopt waystations planted at public places; help raise and release Monarchs this summer and fall. Currently in Loudoun, there are 15 certified Monarch Waystation gardens. Through this campaign, the Loudoun Wildlife Conservancy will promote a significant growth in the number of gardens in Loudoun, with the goal to increase the number of Monarchs making the magnificent migration.

The Loudoun Wildlife Conservancy Monarch Campaign will provide garden designs ranging from small container gardens, to typical home owner gardens, to larger habitat restoration efforts. Moreover, the following four local nurseries have stepped forward to stock recommended native (non-cultivar), pesticide free plants: Catoctin Gardens, Wildwood/Overbrook, Abernathy & Spenser, and Petals and Hedges. And for larger habitat restoration efforts, Loudoun Wildlife Conservancy identified two suppliers.

To learn more about this campaign and become involved, visit www.loudounwildlife.org.

The Critter Corner By Dr. Steve Velling

"A Bark with Bite"

Joe couldn't sleep. For the fourth straight night, the neighbor's dog Bailey was outside barking incessantly. At first he tried to ignore it, then he tried plugging his ears with ear plugs, but that bark still seemed to work its way into his brain. It was 2:00am and he had a big presentation tomorrow. If he didn't get some sleep, he wasn't going to be his best, not ideal for impressing the boss.

This scene may be playing out in a neighborhood near you. I was asked to write an article about barking, which is becoming a common complaint in Ashburn. A dog barks primarily for communication, but the causes are numerous, depending on both the circumstances and the individual dog's state of mind.

- **Warning** – Dogs will bark if they see someone approaching their house or yard, or if they sense danger. Their bark is saying "Stay away" or "Hey, somebody come quick!". This protective bark can often be trained and controlled.
- **Anxiety** – This bark is a cry for help. Something is creating fear in the dog and they are expressing their need for attention, often accompanied by whining. This may be heard during thunderstorms or when the owner is gone from the house.
- **Playfulness** – This is a dog's way of saying "Hey, there's fun stuff going on! I want in!" They will bark like this when they are playing with people or other dogs, or in anticipation of a car ride or play time.
- **Boredom** – When a dog has nothing to do, or is being neglected, they will bark to let out energy or to express their loneliness. These dogs need something to do and lots of exercise.

Once you determine the causes of barking, you can take steps to control the unwanted behavior. The best way to prevent the barking is to remove any source of the behavior. Be careful not to inadvertently encourage the barking, and look for other outlets that will help curtail the barking by redirecting his/her energy and focus.

- Make sure your dog gets plenty of exercise. A dog needs to get out that excess energy, especially if they are a puppy or young dog.
- Avoid leaving your dog for long periods if at all possible.
- Never comfort or reward your dog for barking for attention – this will only encourage your dog to bark more next time.
- Try a loud clap or whistle to stop the barking. When they are quiet, take that moment to reward their behavior.
- If you haven't already, train your dog or go to classes to learn. You have to get your dog to focus on listening to commands to stop barking.
- Do NOT let your dog bark outside constantly, regardless of the reason. This is a quick way to turn neighbors into enemies and to get either the HOA or the police to pay you a visit.
- Consult your veterinarian or a trainer if you are still having trouble.

Poor Joe had to do something. At 3:00am he called over to his neighbor, Matilda, and asked if she realized that Bailey was barking outside. She apologized, saying that her hearing aids hadn't been working well recently so she didn't know about Bailey's barking. She brought him inside and Joe had at least a few hours of solid slumber before going to work and nailing his presentation.

In this case, if a friendly call doesn't help, then a reasonable letter may be the next step, suggesting a trainer. If that doesn't help, then perhaps a call to the HOA may be needed. This may add to an already strained relationship, but at that point you may be too sleep-deprived to care.

Till next time,
Dr. Steve, www.ashburnanimals.com

April in the Garden

By: Jill Johnson,
Loudoun County Master Gardener

It's the fluctuating weather month with much to do in the garden! Take advantage of intermittent warm days to finish garden clean-up and get ahead of pesky weeds. Flower beds will welcome an addition of compost and reward you with bountiful blooms in May. Prune forsythia, weigela, spirea and spring-flowering shrubs after they bloom. If your forsythia is out of control, you can do renewal pruning by cutting down 1/3 of the oldest (thickest) branches. And, if you haven't already done so, cut back butterfly bushes to about 12 inches.

It's still a bit early to plant most tender annuals as the last chance of frost is mid-May. Master Gardener Help Desk volunteers recommend waiting until Mother's Day (May 12) before setting out tomato plants, basil, peppers and many annual flowers. Gladiolus and lily of the valley bulbs can be put in the ground now, and you can plant "cool season" vegetables such as arugula, broccoli, peas, radishes and spinach. April is also the time to plant or transplant strawberries.

The Master Gardener Demonstration Garden at Ida Lee Recreation Center in Leesburg is starting to be worked by our Master Gardeners. The 1/3 acre garden includes raised bed vegetables, a butterfly garden, a garden for children featuring child-friendly plants and activities, and a shade garden created under beautiful pine trees. When visiting one March morning I was struck by the sight of hundreds of robins dining on a feast of worms. I then read that because robins forage largely on lawns, they are vulnerable to pesticide poisoning and can therefore be an indicator for chemical pollution. Clearly the word is out to the robin world about chemical free worms at the all organic, synthetic pesticide-free Master Gardener Demonstration Garden. You are invited to visit too! The garden is open every day and officially opens to the public with the Loudoun County Spring Farm Tour May 18/19th. Volunteers are there from 9am to noon on Tuesdays and Thursdays mid-March through mid-October to answer your questions or grab a map and take a self-guided walking tour.

Please visit www.loudouncountymastergardeners.org for more information or call the Loudoun County Master Gardener Help Desk at 703-771-5150 for help with your gardening questions.

The More that You Learn, the More Places You'll Go

By: Shannon M. Pecora, MA
Stream Valley Veterinary Hospital

As the title of this article (a quote from Dr. Seuss) suggests, education can certainly take you places! Each year, many medical professionals are required to participate in what is known as "Continuing Education," or "CE." These are generally short classes or lessons used to maintain proficiency in a given field. Along with our own physicians, dental hygienists, nurses, and such, Doctors of Veterinary Medicine (DVMs) and Licensed Veterinary Technicians (LVTs) must log a certain number of continuing education credit hours with each new calendar year. To stay current with new scientific discoveries, medical treatments, and diagnoses, our medical personnel attend conferences, view webinars, enroll in online courses, and participate in symposiums, both at the local level and at national conventions. For instance, in February, Dr. Kirk attended a conference in Las Vegas, where the highlight was a series of advanced surgical lectures. At press time, Dr. Signorino was scheduled to travel to Texas for an ultrasound conference. And perhaps you caught the snapshot on our Facebook page of Dr. Corey at the North American Veterinary Conference in Florida this past January!

In addition, our other staffers, such as receptionists and kennel attendants, participate in less "official" continuing education throughout the year. Training videos, industry publications, and visits from vendors and specialists are all great resources for keeping our skill sets and knowledge bases up-to-date. These programs are certainly useful, and as a bonus, consistently learning new things can also make our jobs fun and interesting.

So why is all this happening, and what are the implications for you and your pets? Because both the science and the business of veterinary medicine and related fields (including grooming, boarding, and doggie daycare) are constantly evolving, you should feel comfortable that the people you have entrusted with your pets' care are evolving too! For example, many years ago an indoor lifestyle and wishful thinking were the only things available to help guard against tick bites and subsequent illnesses. Today, we have flea and tick preventatives and the Lyme disease vaccine to protect your pets. Plus, should your pet contract a tick-borne illness, we know more about effective treatments. In essence, pet care professionals spend each day attending to **your** pets, so it's in the best interests of your family that we're continually learning how to do our jobs better.

You might call to schedule an appointment with your pet's regular doctor, only to be told that this doctor will be away for a week. You may head to the vet hoping to see your pet's favorite technician for a nail trim, just to find out that this tech will be out of the office for a few days. You could discover that you've got to wait until next week to book an appointment with your pet's groomer. All of these folks could be traveling to obtain their yearly CE credits. And we definitely understand the immediate inconvenience that these situations present. However, we hope that the lessons we're learning while we're away will only improve your pet's health and happiness in the long run!

Keep Your Pet Happy When You're Away

By TAILS MAGAZINE

Much to their chagrin, our pets can't be with us all the time. And unfortunately, they tend to express this disappointment through destructive behaviors like shredding the couch, munching on a tasty shoe, or leaving smelly surprises around the house.

Our animals act out because they miss us, and home just isn't the same without their favorite human(s). Making small changes to their environment though can lead to significant improvements in their behavior, and may even save a few pairs of shoes. Here are 5 tips for keeping your pet from stressing out when you're away:

- 1. Get a pet sitter.** If you've got a few extra bucks to spend, hiring a pet sitter/walker can make all the difference in your pet's conduct while you're away. Your pet will get a potty break, playtime, and some good social interaction, and you'll get to relax a bit knowing your furry family member is taken care of.
- 2. Keep it clean.** Just like us, pets like their space to be clean. Before you leave, empty the litter box, take out the trash, and put away as much clutter as you can. There will be less for your pet to chew on, and you will create an all-around nicer environment.
- 3. Leave a bit of yourself.** One mess that you can leave lying around is your dirty laundry—pets love to curl up with stuff that smells like you, and it can be incredibly comforting to a stressed out animal. If your pet is a chewer, only leave stuff that you can handle being destroyed (you know, just in case).
- 4. Encourage play time.** Make sure your pet channels their energy positively by leaving lots of toys around the house. Leave at least one in every room so that if your pet wanders in there they will find a fun surprise!
- 5. Turn on the TV.** Give your pet some sense of company by leaving the television on for them while you're gone. Keep the volume relatively low and put on something fun and happy—like a kids' channel.

BRIAR WOODS HIGH SCHOOL MUSICIANS EXCEL AT CARNEGIE HALL AND BEYOND

On February 19, the Briar Woods Symphonic Winds and Symphonic Band, under the direction of Duane Minnick and Nigel Tangredi, performed in the New York Wind Band Festival at Carnegie Hall in New York City. This marked the second time the Ashburn high school has been to this prestigious festival and the first time that both bands from the school were invited to perform. The Symphonic Band received the Silver Award and the Symphonic Winds Ensemble received the highest honor, the Gold Award. While the young musicians were in New York, they were able to participate in exchange rehearsals with bands from as far away as Alaska and California. This allowed the groups to combine and rehearse new music together. The students were also able to see some sights and take in a Broadway show.

As soon as musicians returned from New York, they prepared for the Virginia State Assessment the following weekend. The Symphonic Band had a fantastic performance and received an excellent rating. In sight reading, they received superior ratings, leading a judge to say they set a new level of excellence for the day. The Symphonic Winds earned superior ratings in both concert performance and sight reading. The scores were the highest in Briar Woods' history. "With the Symphonic Winds earning superiors as our school's top ensemble and the Falcon Regiment Marching Band having gotten their superiors in the fall," says Duane Minnick, "the Briar Woods Band program has now earned the status of Virginia Honor Band." This designation will officially be given to our program at the All-State Band and Orchestra event at the end of March. I am so proud of all of our performers and especially our senior class for leading the excellence that produced this honor."

In addition to the Briar Woods High School Bands' stellar achievements as a group, a few musicians have earned individual honors. Twenty seven band members participated in the All District Band and four musicians were honored as Virginia All State Band members; Han Bae on Bb Clarinet, Romcholo Macatula on Bass Clarinet, Kelsey Freeman, first chair in the state, on Contra-Bass Clarinet, and for the fourth consecutive year, Eric Rothaker on Bassoon. The All State musicians will perform at James Madison University on April 4th – 6th.

EATING GREEN IN HONOR OF EARTH DAY

Spinach and Nectarine Salad

- 2 tablespoons orange marmalade
- 1 large shallot, thinly sliced
- 2 tablespoons white balsamic vinegar
- 2 teaspoons olive oil
- 1/4 teaspoon salt
- 1/4 teaspoon ground black pepper
- 1/4 cup slivered almonds
- 1 package (7-ounce) baby spinach
- 2 ripe nectarines, pitted and cut into wedges

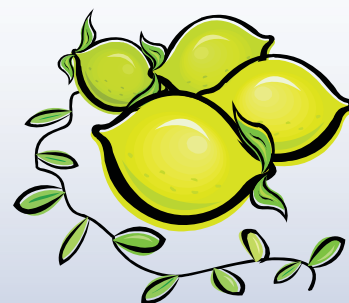

In microwave-safe small bowl, combine marmalade and shallot. Cover with vented plastic wrap and cook in microwave on High 1 minute. Stir in vinegar, oil, 1/4 teaspoon salt, and 1/4 teaspoon ground black pepper. In small skillet, cook almonds on medium 5 minutes, stirring until toasted. Set aside to cool, about 2 minutes. To serve, toss spinach, nectarines, and marmalade mixture until combined. Place on 2 dinner plates; scatter almonds on top. Delish.com

Citrus Scallops

- 1 lemon
- 1 lime
- 1 teaspoon salt
- 1 teaspoon freshly ground black pepper
- 1 1/4 pound sea scallops, rinsed
- 3 teaspoon olive oil
- 1 tablespoon finely chopped shallot
- 1 teaspoon Dijon mustard
- 1 bag (5- to 6-ounce) baby greens
- 1/4 cup fresh parsley leaves, chopped

From lemon, grate 1/4 teaspoon peel and squeeze 2 tablespoons juice. From lime, grate 1/4 teaspoon peel and squeeze 1 tablespoon juice. Set juices aside. In small bowl, combine peels, salt, and pepper. Place scallops on paper-towel-lined plate; pat dry. Sprinkle with citrus-peel mixture. In 12-inch nonstick skillet, heat 2 teaspoons oil on medium 1 minute. Add scallops; cook 6 to 8 minutes or until opaque throughout, turning once. Remove from pan; cover. To skillet, add 1 teaspoon oil and shallot; cook 3 minutes or until tender. Stir in Dijon mustard and citrus juices, scraping up browned bits; cook 1 minute. Toss sauce with greens; place on plates. Top with scallops and chopped parsley, and serve with whole wheat couscous. Delish.com

Pool Season Begins May 25th... *Do You Know Where Your Pool Passes Are?*

It's time to start digging around in the bottom of your pool bag or in the drawer with the swimsuits for your Broadlands Photo ID pool passes. Everyone age 5 and older will need one to gain admission to the pools. If you are 18 or older, you must provide proof of residency in order to obtain a pool pass.

If you are an owner and have the pool passes you used last year, you DO NOT need to submit an application. Passes will be electronically reactivated. If you cannot locate your passes, reprints can be issued free of charge prior to the opening of the pool on May 25, 2013. After May 25, replacement cards cost \$5.00 each. If you want a new picture for your replacement pass, the cost is \$7.00, regardless of when the pass is issued.

New Residents: You must fill out an application, return it to the Nature Center and have your photos taken. Applications are available at the Nature Center, in this newsletter on page 25, or online at www.broadlandshoa.org. Click on Pool Information in the Directory on the left hand side of the home page. Pool passes are issued to each individual age 5 and older living in the household. A household consists of all persons permanently living in the dwelling, including live-in caretakers and any unmarried children who are students and/or from a previous marriage and who will be residing with the owner for the summer.

Tenants: If the owner wishes to transfer their pool rights over to the tenant, then the owner AND tenant must complete a Tenant Membership application for the 2013 season. In this instance, passes will only be issued to the Tenants, not the owners. Tenants may use previously issued passes, but these will not be activated until a completed application is received at the HOA office. Applications are available at the Nature Center, in this newsletter on page 24, and online at www.broadlandshoa.org.

Becoming of age: Children who have turned 5 since last summer or will be 5 by June 1, 2013 must have a picture taken and pass issued. Please use the resident application form on page 25 and return it to the Nature Center to add them to your family data base. Any individual who has turned 18 since last pool season will need a new adult card.

Non-resident caregivers: Passes are offered for \$40 per caregiver for the season. They should be noted as non-resident caregivers on the resident's application. The fee must be paid at the time their photo is taken and the pass issued. The resident must accompany the caregiver to the photo session and show proof of identity and address.

Guest passes: 10 resident guest passes are allocated to each **residence**. Additional guest passes, good for 10 visits may be purchased for \$20. Guest passes are added to the electronic account. No physical pass will be issued. Guests must be accompanied by a pool pass holder to gain admittance to the pool facility. Up to **5 long-term house guests** may obtain pool passes for \$40 per person for the season, \$15 per person for a month (30 consecutive days) or \$5 per person for a week (7 consecutive days). They must be noted as non-resident house guests on the resident's application. The fees must be paid at the time their photo is taken and the pass issued. The resident must accompany the guests to the photo session and show proof of identity and address. However, the long-term guest may enter the pools without the resident present.

BEGINNING APRIL 1, 2013, PICTURES WILL BE TAKEN AT THE NATURE CENTER FROM 9:00 A.M. TO 5:00 P.M. MONDAY THROUGH FRIDAY ON A FIRST-COME,-FIRST SERVED BASIS.

Prior to having the photo taken, all adults 18 and older must show a photo ID with proof of Broadlands Association residency. ***Photos will not be taken if acceptable proof of identity and address are not available.***

Acceptable photo IDs include:

- Driver's License
- School, Military ID
- Current Passport

If your ID does not show a Broadlands Association address, the following additional documents will be accepted as proof of residency:

***Thoroughly Modern Millie* to be Performed at Broad Run High School**

Broad Run High School Spartan Theatre, under the direction of Timothy Willmot with musical direction by Jennifer Kauffmann, will be performing the popular musical set in the 1920s – *Thoroughly Modern Millie* on April 18, 19 and 20 at 7:30 p.m. with a matinee show on Sunday, April 21 at 2:00 p.m.

Based on the 1967 film starring Julie Andrews and set in New York City in 1922, *Thoroughly Modern Millie* tells the story of a small-town girl from Kansas who comes to New York to marry for money instead of love – a thoroughly modern aim in 1922, when women were just entering the workforce. Her grand plan is to find a job as a secretary for a wealthy man and then marry him. However, her plan goes completely awry. The owner of her dingy hotel kidnaps young girls to sell to the Far East; her wealthy boss has eyes for Millie's friend; and the man she actually falls in love with doesn't have a dime to his name.

Broad Run High School is located at 21670 Ashburn Road in Ashburn, Virginia. Tickets are \$10 and will be sold at the door. For more information, please call 571-252-2305.
