

Blasting for Claiborne Parkway Construction Expected to Begin July 24, 2017

Loudoun County officials announce that blasting for the Claiborne Parkway construction will begin on or about Monday, July 24, 2017, and continue for approximately three weeks. Blasting is generally scheduled to occur between the hours of 12 noon and 5:00 p.m. All blasting will be managed in accordance with the Loudoun County Fire Marshal's requirements.

The construction project, which is being managed by Loudoun County, will expand Claiborne Parkway into a four-lane, median divided road between Ryan Road and Croson Lane. Construction is expected to be complete in the summer of 2018.

Questions about the project may be directed to the Loudoun County Department of Transportation & Capital Infrastructure Construction Manager McKinley Jones III at 571-258-3611.
