## BLASTING NOTICE

June 21, 2021

Dear Owner/Resident,

PRK Drilling & Blasting will be conducting blasting operations as part of the development in your area. In general, blasting will occur during daylight hours, and will include the following warning sequence.

### Air Horn Warning Sequence

1 <sup>st</sup> signal – 1 minute prior to detonation	<b>3 short sounds</b>
2 <sup>nd</sup> signal – Immediately prior to detonation	<b>2 short sounds</b>
3 <sup>rd</sup> signal – All clear, after detonation	<b>1 long sound</b>

This sequence may vary slightly due to specific site regulations or conditions.

**Blasting is expected to begin in approximately three weeks. Blasts will be detonated once or twice daily for approximately four to six weeks.**

Thank you,

Frank Klebieko – VP
