

BRINGING GUESTS TO THE POOLS

Outside Members (non-residents)

- ▶ **How do guest visits work?** Outside Members must purchase guest visits. No physical guest passes are issued. When you bring a guest to the pool, the lifeguard will look your account up and deduct your guest visits as needed.
- ▶ **How to purchase guest visits?** Guest visits are only sold in increments of 10-visits and may be purchased online at broadlandshoa.org/outside-pool-membership by selecting the *Buy Now* button under the Guest Visits section. Cost is **\$80** for each set of 10 visits. Once purchased online, please send an email to pools@broadlandshoa.com to have visits added. Please allow 2 business days for your account to be updated. Requests made over the weekend or on holidays will not be reviewed until the next business day.
- ▶ **How many guests can I bring and how do they work?** Only two (2) guests per member are permitted or a maximum of six (6) per household at a time. Guests must be accompanied by a virtual pool pass holder to gain admittance to the pool facility. **No need to register your guest ahead of time** – just bring your guest to the pool and the lifeguards will deduct visits for each guest entering the pool. At that time, you will be required to write down your guest information in the guest log. **IMPORTANT:** Guest visits allow a non-member to enter a Broadlands pool but only if accompanied by a valid virtual pool pass holder. A guest visit is defined as a single entry on a single date, as selected by the pool member. Upon exiting the pool facilities, the guest visit expires, and re-entry is not allowed. Should the pool member and guest wish to return to any of the Broadlands pool facilities that same day or any other day, then an additional guest visit will be required to gain reentry.
- ▶ **Use it or Lose it.** Accrual of guest visits do not roll over to the next season.
