A Heartfelt Thank You to Our Community Stewards

As I was driving through the neighborhood the other day, I saw something that truly made me pause and reflect. A jogger was out for their evening run—not an unusual sight—but what stood out was that they were carrying a trash bag and a pickup stick. They weren't just exercising; they were actively cleaning up litter along the way. This wasn't the first time I've seen someone doing this, and every time I do, it fills me with a deep sense of appreciation.

These quiet acts of care and responsibility speak volumes about the kind of community we live in. It's easy to overlook small gestures, but they are often the most powerful. When residents take it upon themselves to help maintain the beauty of our shared spaces, it reinforces the values of pride, stewardship, and mutual respect that make our neighborhood special.

Of course, the Association has systems in place to manage litter and maintain cleanliness. Our landscaping contractors regularly pick up trash as they mow turf areas, and they also conduct targeted cleanups in woodlines and common areas. These efforts are essential and ongoing, but they can only go so far. The reality is that no matter how many resources we dedicate, keeping our community clean is a shared responsibility.

I'm sure you all still see litter scattered in places where it shouldn't be—on the medians, around the clubhouse parking lot, near the administrative office, on pool decks, tennis courts, and even left in plain sight on our outdoor patios. In most of these areas, trash cans are in close proximity. Whether it's left behind at facilities or tossed from passing vehicles, it's disheartening to observe. These are spaces we all use and enjoy, and when they're not treated with care, it affects everyone.

That's why seeing residents take initiative is so inspiring. It reminds me that we are not just a collection of homes—we are a community. And communities thrive when people look out

for one another and for the environment they share.

To those of you who have taken the time to pick up litter, even and especially if it wasn't yours—thank you. Your actions may seem small, but they have a big impact. You're setting an example for others, and you're helping to preserve the beauty and integrity of our neighborhood.

I encourage everyone to follow your lead. Whether it's picking up a stray wrapper, reminding a neighbor to dispose of waste properly, or simply being more mindful of how we treat our shared spaces—every little bit helps. Let's all take a moment to reflect on how we can contribute to the well-being of our community.

Together, we can ensure that our neighborhood remains a place we're all proud to call home.

Managing Invasive Species in Broadlands: Tree of Heaven & Bermuda Grass

The Broadlands HOA is actively working to protect our natural areas by treating two highly invasive species: Tree of Heaven (*Ailanthus altissima*) and Bermuda Grass (*Cynodon dactylon*). These species pose serious threats to native ecosystems, infrastructure, and even agriculture.

Tree of Heaven: A Host for Spotted Lanternflies

Tree of Heaven is a fast-growing, aggressive tree that spreads rapidly through seeds and root suckers. Simply cutting it down is not effective—in fact, doing so can make the problem worse. The root system responds to cutting by sending up multiple new shoots, often resulting in 10 or more new trees in place of the original.

Tree of Heaven is also a primary host for the invasive spotted lanternfly, a destructive pest that threatens local crops such as grapes, apples, and hardwoods. Controlling Tree of Heaven is a critical step in reducing the spread of this harmful insect.

To combat this, our team is using the hack and squirt method, a targeted approach where small cuts are made in the tree's bark and herbicide is applied directly into the wounds. This allows the chemical to penetrate the tree's vascular system and kill it from the inside out. You may spot dying trees in the community's common areas and wonder why they haven't been removed. Only after the poison has fully penetrated the entire root system should the tree be removed.

Potomac Tree and Shrub is actively monitoring treated trees for signs of die-back and removing them when appropriate. We expect to remove 250–300 trees per year as part of this ongoing effort.

Bermuda Grass: Invasive and Rapidly Spreading

Bermuda grass is known for its aggressive spreading habit. It spreads both above ground through stolons (runners) and below ground through rhizomes, as well as by seed. This means it can quickly fill in bare spots and expand its territory in a lawn. While Bermuda Grass is commonly used in lawns

in warmer climates, it becomes invasive when it spreads

into our cooler climate grass blends and mulched beds. It forms dense mats that choke out our fescue-type grasses and is extremely difficult to eradicate due to its deep, resilient root system.

HLS is applying non-selective herbicides to target Bermuda Grass in affected areas and prevent further spread. You will spot many of these areas where the grass has turned yellow on the median islands along our main roadways.

What to Expect

Residents may notice areas where trees and grass are dying back and turning yellow or brown—this is a normal and expected part of the treatment process. Attached are some photos to help you identify what treated areas look like, so you can identify intentional die-back.

How You Can Help

- Avoid planting invasive species in your own landscaping.
- Report sightings of Tree of Heaven or Bermuda Grass in common areas to info@broadlandshoa.com.
- Stay on trails and avoid disturbing treated areas while restoration is underway.

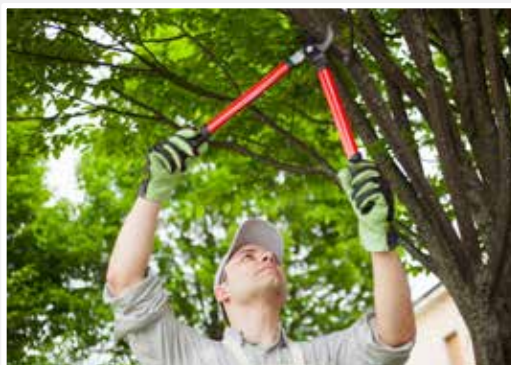

Thank you for your support in helping us preserve Broadlands' natural beauty and ecological health.

Feeling Political?

Per Broadlands guidelines no more than three political campaign election signs are allowed and each sign shall not exceed a maximum of four (4) square feet. These signs may be placed no more than 60 days prior to an election date and must be removed 5 days following the election. No application is required for these signs.

Residents Must Apply for Tree Removal

It has been reported that tree companies are driving through Broadlands looking for trees to remove from resident properties claiming that their company was referenced on the HOA website as an approved company for executing tree removal. The HOA does

not endorse or give blanket approval for tree removal companies. Approval is required to remove any tree either dead or alive whose trunk measures 4" or more in diameter when measured at the height of 4' from the ground. Please review the guidelines at broadlandshoa.org/design-guidelines.

Please be aware removing trees or underbrush from common areas is prohibited.

Recognize Our Courageous Veterans!

Is there a veteran that you would like to honor for Veterans Day this year? If so, submit a photo(s) of that veteran along with a few lines about them to newsletter@broadlandshoa.com *by Friday, October 10th* for inclusion in the November newsletter.

Notice to Southern Walk Residents:

Please be advised that Southern Walk operates as a separate HOA from Broadlands. Therefore, the Broadlands HOA staff is not equipped to address inquiries from Southern Walk residents regarding matters related to the Southern Walk HOA or Verizon services. For all telecommunications-related questions or issues, kindly reach out directly to FirstService Residential or Verizon.

For your convenience, here are the contact details provided by Southern Walk HOA management:

- **Verizon:** they are the only ones who can assist with your transition to retail services. Verizon Retail Center at 800-837-4966
- **FirstService Residential:** if owners have questions regarding their Southern Walk Assessment account, they may submit a request online to Resident Support Services (RSS) at <https://eastsupport.fsresidential.com/> or call the 24/7 Customer Care Team at 800-870-0010.
- **Connect Portal:** ensure contact information is up to date, view financial documents, governing documents and the meeting calendar. <https://southernwalk.connectresident.com/>
- **DO NOT contact Broadlands HOA:** the Broadlands HOA staff is not able to assist Southern Walk residents regarding the transition to Verizon Retail. Please direct your specific questions regarding internet services to Verizon and Southern Walk assessment concerns to FirstService Residential.

Speed Limit Concerns

Speeding on residential streets has been an on-going concern in Broadlands. Please note that the maximum speed limit in residential communities is 25 MPH.

If you have speeding concerns, please contact the LCSO non-emergency number 703-777-1021 regarding speeding in your community.

E-Bike, Etc., Safety

Submitted by: Loudoun Sheriff's Office

What to Know about Bikes, E-Bikes, Scooters, and More – Before You Ride

From bicycles and e-scooters to mopeds and dirt bikes, the ways we get around — and the rules that go with them — have changed. These devices are more accessible than ever, particularly for children and teenagers. However, whether it's a child riding around the neighborhood or an adult commuting to work, there are laws that apply, and failure to follow them could result in fines, criminal charges, or serious injury.

Across Loudoun County, deputies are seeing more riders on motorized scooters, e-bikes, and electric toys, often unaware of the laws that govern them. Some of these devices aren't legal on sidewalks or roads. Others come with age or helmet requirements. And nearly all carry the risk of injury when used improperly.

If you or someone in your household is riding one, it's your responsibility to know what it is, how it works, where it's allowed, and how to ride safely.

Bicycles and E-Bikes

A traditional bicycle is powered solely by human effort and is legally considered a vehicle when used on public roads. Riders must follow all traffic signs and road rules. Helmets are required for riders under 15, and bike lanes may be used where permitted.

Electric power-assisted bicycles (e-bikes) include a motor up to 750 watts and fall into one of three legal classes based on how the motor assists. Class 3 e-bikes, which can have motor assistance up to 28 MPH, require adult supervision for riders under 14 and may be restricted from sidewalks or trails. Riders must know their e-bike's class and comply with both local ordinances and the manufacturer's specifications. Tampering with or modifying the motor is not permitted.

Mopeds, Dirt Bikes & Other Devices

A moped has three wheels or fewer, a seat at least 24 inches high, and a motor not exceeding 50cc or 1500 watts. Mopeds must be registered with the DMV and cannot exceed 35 MPH. If they do, they're classified as motorcycles under Virginia law. Helmets are required for all riders, and mopeds are not allowed in bike lanes.

Dirt bikes, gas-powered scooters, and all-terrain vehicles (ATVs) are designed for off-road use only and are not legal on public roads or trails. These may only be ridden on private property with written permission.

Scooters, Toys & Personal Mobility Devices

This category includes motorized scooters,

hoverboards, powered skateboards, and electric ride-on toys. Riders under 14 must be supervised by an adult. Devices capable of exceeding 20 MPH are not permitted on public roads, sidewalks, or trails. Helmets are required for all riders under 15. These devices are designed for one rider only — carrying passengers is not allowed and can be unsafe.

Shared Rules for Public Spaces

No matter the device, riders must follow the same basic rules in shared spaces:

- Yield to pedestrians when riding on sidewalks, crosswalks, or shared-use paths
- Give an audible signal before passing, such as a bell, horn, or verbal warning

And by Loudoun County ordinance, **helmets are required for anyone under 15** when riding a bicycle, e-bike, scooter, or similar motorized device on public roads, sidewalks, or trails.

What Parents Should Know

Not all devices sold in stores or online are legal to use on public property. Before buying one for your child, take the time to research the laws and understand where it can be used. Helmets, supervision, and age restrictions aren't just recommendations — they're legal requirements.

Ask yourself: Would you allow your child to ride on a gasoline-powered vehicle in the same circumstances or environment? Just because a vehicle is electric does not mean it is any less powerful or dangerous than a traditional motorized vehicle.

Make safe riding non-negotiable, supervise youth riders, and ask questions if you're not sure whether something is legal.

Dog Owner Etiquette

As a responsible dog owner, it's important to manage your pet's behavior and follow certain rules of etiquette to ensure that you and your furry friend(s) are courteous members of the community. Following these guidelines can help you maintain good relationships with your neighbors and keep your dog safe and happy.

AS A RESPONSIBLE DOG OWNER...

SCOOP THE POOP

It is important to remember to always scoop the poop and properly dispose of it. Not only is it the courteous thing to do for your community, but it also helps keep public spaces clean and safe for everyone. So the next time you take your dog for a walk, be sure to bring along a bag or use one of our many Mutt Mitt stations to pick up and properly dispose of your pet's waste.

CALM YOUR BARK

It is important to be mindful of your pet's barking. Excessive barking can be a nuisance to your neighbors and disrupt the peace of the community. Avoid leaving them alone for extended periods as this can lead to boredom and excessive barking. If your dog does bark, be sure to address the issue promptly and consider using a bark collar or try seeking professional help if necessary. Remember, being a considerate dog owner means being mindful of your dog's impact on others.

DON'T UNLEASH THE HOUNDS

It is important to keep your dog on a leash when in public spaces. This not only ensures their safety but also the safety of others around them. Always keep your dog on a leash while walking them in public areas such as parks, sidewalks, or trails. Also, make sure to choose the right leash length for your dog's size and strength. Remember, keeping your dog on a leash is not only a matter of following the rules and a safe practice but also a matter of being courteous to others.

R-E-S-P-E-C-T

It is important to respect people who do not like dogs or are afraid of them. Even if you believe that your dog is friendly and harmless, not everyone may feel comfortable around them. It is important to be mindful of other people's feelings and avoid bringing your dog too close to them. If someone expresses their discomfort or fear around your dog, it is best to keep your dog at a safe distance or move away from them altogether. Remember, being a considerate dog owner means being respectful of others, even if they do not share your love for dogs.

First Day of School Photos

Got some great pics of your kids on their first day of school?

Send them in for publication in Our Neck of the Woods, Broadlands HOA's official newsletter. *Please email photos to newsletter@broadlandshoa.com by close of business, 5:00pm, Wednesday, September 10th.* We look forward to receiving photos of all our young residents' to show off in the October newsletter!

Invasive Plant Species Management Program Information Session

Loudoun County Government, the Loudoun Soil and Water Conservation District and the Loudoun Invasive Removal Alliance are partnering to provide information about the county's Invasive Plant Species Management Program. There is an informational meeting in September to provide an overview of the program and how to prepare for the application process opening this fall.

- **Tuesday, September 9th, 2025, 6:00pm-8:00pm at Bluemont Vineyard located at 18755 Foggy Bottom Road in Bluemont**

The program aims to promote awareness of and removal of non-native invasive plant species that are negatively impacting the local economy and ecosystems. Visit visitloudoun.gov/InvasivePlants for more information.

3rd-5th Grader Halloween Party

We invite you to our annual 3rd-5th Grader Halloween Party on October 17th from 6:00pm to 8:00pm at the Community Center located at 43004 Waxpool Road. There will be food and drinks, a DJ, Photobooth, games, and bouncy houses! Join us for an evening of fun. Registration is required - please register your child(ren) and sign up to volunteer at broadlandshoa.org/kids-halloween-party. Parents are not permitted to attend unless they have signed up to volunteer. We look forward to seeing you there!

Halloween Parade

Mark your calendars for our Halloween Parade and Contest on Sunday, October 26th from 12:00pm-2:00pm at the HOA Administrative Office, 21907 Claiborne Parkway. This event will feature activities for different age groups, including a bouncy house and a DJ. Join us and show off your favorite costume during our contest for a chance to win a prize.

Broadlands Annual Holiday Market

Modifications Information

Per Article 7, Section 7.5 (a) Additions, Alterations, or Improvements by the Owners - "No person shall make any addition, alteration, or improvement in or to any Lot or any portion of the Property... which is visible from the exterior of the Lot or such portion of the Property, without the prior written consent of the Covenants Committee."

If you are unsure if approval is required for your project, contact Robin Crews, Modifications/ Resale Manager at rcrews@broadlandshoa.com or 703-520-9902. The Committee meets virtually at 7:00pm on the first and third Wednesdays of the month March-October and the third week of the month November-February. *If you wish to attend a meeting, contact Robin Crew, rcrews@broadlandshoa.com.* Applications must be submitted by noon on the Wednesday before the meeting by emailing them to rcrews@broadlandshoa.com or delivering them to the HOA Office drop box at 21907 Claiborne Parkway.

Please review the Design Guidelines and submission requirements at broadlandshoa.org/design-guidelines. Failure to include all required information will delay review of your application. Once the Committee has reached a decision, the results will be delivered via email. If an email address is not provided, results will be mailed. Emails will be sent from no-reply@smartwebs365.com should you wish to add this email address to your contact list to ensure prompt delivery. Please check your inbox and junk/spam folders or contact the HOA office at 703-520-9902 if you have not received your results within 10 days following the meeting.

Modifications Subcommittee Submission and Meeting Dates

Submission Deadline By Noon	Meeting Date
August 27th	September 3rd
September 10th	September 17th
September 24th	October 1st
October 8th	October 15th
November 12th	November 19th

Only applications with complete documentation received by the deadline will be reviewed at the next subcommittee meeting

Are You Selling Your Home?

Save yourself time and aggravation by ensuring you have approved applications for all exterior changes or additions made on your property before listing your home. Walk around your home and look for any maintenance violations such as siding repair, exterior trim maintenance, deck/fence repair, fresh coat of paint or stain maintenance, mailbox unit repair, removal of any mildew, screen window repair or roof repair. Refer to your property plat to locate your property lines because you may have accidentally placed something in the common area that will need to be removed before settlement.

When you sell your home, you are required to request a resale disclosure package for the buyer.

Once the request has been executed, it notifies the HOA to come to your property to perform a resale inspection. The inspectors will look for any structures that have not been approved by the Modifications Subcommittee, that are not in compliance, and for maintenance violations. The results of the resale inspection are embedded in the resale disclosure package that is provided for the buyer. It is the seller's responsibility to rectify all violations found on the property before settlement of the home. If any violations are not rectified before settlement, then the new owner will be responsible.

There are submission procedures on the HOA website, broadlandshoa.org, to help guide you through the application process. Please refer to the online Design Guidelines for detailed information.

The Design Guidelines provide a framework to maintain design quality and encourage consistency throughout the community. If you have any questions about architectural modifications or your resale inspection results, please contact Modifications and Resale Manager Robin Crews at 703-520-9902 or rcrews@broadlandshoa.com.

Covenants Corner - September Inspections

We hope everyone enjoyed a wonderful summer! As we welcome the cooler weather of autumn, we would like to inform you about our ongoing inspections for September.

This month, our inspections will continue to focus on lawns and the presence of weeds in flower beds and walkways. Keeping our community clean and well-maintained is a collective effort, and we appreciate everyone's cooperation.

Additionally, we will be re-inspecting maintenance violations identified earlier, such as mildew on siding, to ensure these issues have been addressed.

Need Assistance? If you have any questions or require an extension regarding any violations cited during these inspections, please do not hesitate to reach out to us. We are here to ensure a smooth inspection process.

Lastly, as schools reopen and classes begin, we remind all residents to be mindful of where they park and how they drive in school zones. It is important to obey all traffic rules. Please avoid blocking intersections, turning lanes, and crosswalks, as doing so can worsen traffic flow and put pedestrians in danger. Be mindful of your speed when driving in school zones or neighborhoods. Obey pedestrian signals and yield, as students may be walking or biking to school. Always stop for buses loading or unloading students; they use red lights and stop signs for safety.

Thank you for helping us maintain the beauty and charm of our community. Stay safe out there.

BROADLANDS

Ross Svenson for School Board

Submitted By: Ross Svenson

I'm Ross Svenson, a proud former Loudoun County Public Schools student and a new parent of a nine-month-old future LCPS student. I'm running to represent the Broadlands community on the Loudoun County School Board to support the next generation of students, families, and educators.

My family moved to Broadlands when I was five years old, excited by the growing community of young families and new schools. When Hillside Elementary School opened in 1998, I was part of the first class of first graders. My teachers at Hillside, and later at Eagle Ridge Middle School, fostered my passion for learning and an early interest in public service. An active member of the community in my teen and early adult years, I coached children of all ages with the Broadlands Piranhas Swim Team for seven seasons. (Go Piranhas!)

The excellent "new" schools I attended as a kid are now some of the best public schools in the country, providing Loudoun's kids a world-class education. When my wife, Marlou, and I were thinking about where to raise our growing family, Broadlands was at the top of our list because of the amazing public schools. We want our son to enjoy the kind of high-quality education I received in Loudoun.

As a member of the Loudoun County School Board, I will do everything I can to foster a first-rate educational experience for LCPS students like my son. To me, that means ensuring students of all backgrounds and aspirations have an education that provides various pathways to pursuing the American Dream after graduation. I will work to strengthen LCPS' cutting-edge STEM academies and special programs, expand academically rigorous offerings for students interested in the arts and social sciences, and prioritize resources for career and technical education, including the new Transition Center serving students with disabilities.

I support a holistic, evidence-based approach to education and student wellbeing. As a member of the School Board, I will champion academic excellence and endeavor to make our schools places where all students feel safe, seen, and respected. Of course, our schools are only as strong as our educators. To retain our excellent educators and recruit new talent, I support competitive pay and benefits, as well as sustainable working conditions.

To accomplish these goals, I will draw on my experiences as a legislative aide for Senator Mark Warner working to secure federal funding for public education, as a Harvard Law School student supporting litigation to protect voting rights, and as an attorney representing clients in complex litigation where the stakes are at their highest.

In this campaign, I am proud to have earned the support of community organizations like the Loudoun Education Association and the Loudoun Democrats, as well as local leaders like Congressman Suhas Subramanyam, Senator Kannan Srinivasan, Delegate David Reid, Supervisor Sylvia Glass, and our current School Board Member Linda Deans, Ph.D.

I would be so grateful to earn your vote to serve on the Loudoun County School Board. Early voting begins Friday, September 19, and Election Day is on Tuesday, November 4.

To learn more about my campaign, including how to support our efforts, please visit www.svensonforschoolboard.com, or follow along on Facebook and Instagram via @svensonforschoolboard.

Samuel Yan for School Board

Submitted By: Samuel Yan

I am running for the school board because my passion is education. I believe in the promise of America that all who apply themselves can achieve success.

As a young university teacher in China, I attended the pro-democracy protests that led to the massacre at Tiananmen Square in 1989. I was investigated by the authorities, and I was forbidden to resume teaching. I was able to escape China with nothing more than a plane ticket and a \$100 bill. I came to the United States and obtained my PhD from Kansas State University.

One of the proudest days in my life was the day I took the oath to become a citizen of the United States of America.

My new American career employed me at Los Alamos National Laboratory and later in the semiconductor industry. I am now an IT professional for a government contracting company. I have lived in Ashburn for 25 years. And with my wife, I have raised three children who attended Loudoun County Public Schools.

When my oldest son was denied admission to elite Ivy League universities despite high grades and superior SAT scores, I discovered that Asian American students had long faced discrimination in college admissions.

I took on Harvard and other elite colleges for their discriminatory admissions policies. This resulted in the 2023 landmark Supreme Court decision that ruled race-conscious admissions programs are unconstitutional.

I will work each day to do what is best for students; to eliminate barriers to opportunity, reward excellence in teaching and learning, listen to parents, and ensure every student has a chance to live their dreams.

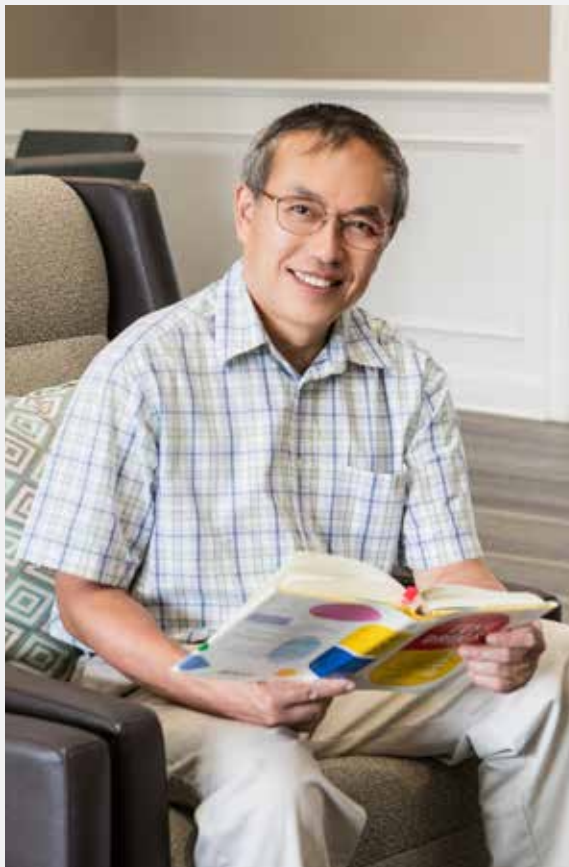

That is my pledge to you.

I believe

- Success in education, as in life, should be measured by one's character, hard work, and merit. Policies that divide us by race or ethnicity are a distraction to learning.

- We must prepare students for higher learning or meaningful work upon graduation. Build LCPS into a STEM powerhouse and expand technical education into trade school pathways.

- Excellence in teaching and learning is to be recognized and rewarded. Grade inflation and test retakes discourage excellence and hinder preparation for a competitive world.

- We must ensure that schools are safe places to teach and learn.

- Mental health awareness should be prioritized so that issues such as anxiety, loneliness, depression, stress, and bullying are dealt with proactively.

- Allowing boys and girls into each other's intimate spaces is not safe, nor is it reasonable.

- Placing boys in girls' sports is not fair, nor is contact sports if it is safe. It is contrary to the intent of Title IX which is to create equal opportunity for women in sports.

- We should remove unnecessary administrative burdens on teachers so that they have the time and freedom to focus on classroom instruction and helping students.

- Parental involvement is a key to educational success. This begins at home with encouragement and must continue at school in partnership with teachers and administrators. For more information, visit sam4broadrun.com.

VDOT Reminds Motorists to Focus on Safety Around Schools and Buses

Submitted By: VDOT/Virginia Department of Transportation

Be patient and attentive on the roads to keep students safe as they return to school

With more than one million Virginia students headed back to school this month, the Virginia Department of Transportation (VDOT) is calling on everyone to be cautious around school buses and in school zones to keep all road users safe and avoid costly fines and tickets. Students will be commuting to school on foot, by bicycle, by school bus, or by private vehicle.

School buses are the safest way for students to get to and from school, according to the National Highway Traffic Safety Administration. However, when walking to and from the bus and while buses are loading and unloading students, they become vulnerable to injury. It is important for motorists to be patient and attentive around school buses and in school zones. Children are smaller and harder for motorists to see.

In Virginia, it is illegal to pass a stopped school bus with flashing red lights and an extended stop sign. This means the bus is picking up or dropping off students. All motorists must stop, whether they are approaching from the front in an opposite lane or overtaking it from the rear. Motorists are not required to stop if a school bus is on the opposite side of a median or barrier, but drivers should be prepared for students exiting the school bus and crossing into their lanes.

Additionally, some local governments are placing safety cameras to monitor speed in school zones. The cameras, not installed by VDOT, are intended to slow down drivers in school zones during certain hours of the day, and violators can be subject to fines.

Here are some tips for drivers:

- School buses make frequent stops, so be patient, slow down, and be prepared to stop.
- Yellow lights mean the bus is going to stop, so slow down. Remain stopped when lights are flashing red.
- Look for students at bus stops and those walking to and from bus stops. Stay alert for students arriving late for the bus, as they may dart into the street without looking for traffic.
- Watch carefully for students in the morning and afternoon, especially when in the vicinity of school buildings.
- Don't drive distracted. Never use electronic devices while driving, and be sure to actively focus on the road and your surroundings.

It is also important for parents and guardians to encourage safety.

Here are some tips to go over:

- Get to the bus stop early. Aim to get to the bus stop at least five minutes before the bus is scheduled to arrive so you aren't rushing.
- While waiting for the bus, maintain a safe distance from the street. Take at least five giant steps back from the curb.

- Use sidewalks when possible. If there is no sidewalk, walk on the left side of the street facing traffic.
- Cross the street at intersections or marked crosswalks. Look left, right and left again before proceeding.
- Always obey crossing guards and pedestrian signals.
- Look for traffic when stepping off a bus to ensure no cars are coming.
- When walking, focus on the road and listen for traffic. Limit the use and volume of electronic devices.

Another Wellness Dimension

Submitted By: Aimee Taylor

We've lived in Broadlands for over 20 years now, long before the traffic lights appeared at the intersection of Broadlands Boulevard and Claiborne Parkway.

Like many 'long-timers,' we remember the excitement as the area grew. We stood in line with neighbors at the new—and only—ice cream place in the neighborhood, Maggie Moos. We thought Broadlands was officially on the map when we got our first fast food place, Wendy's, and the HOA forum was filled with folks beside themselves when the new Dunkin' Donuts was announced.

For the sake of our waistlines and cholesterol levels, let's move away from donuts, ice cream and Baconators. In my opinion, the opening of Loudoun County's newest facility, the Ashburn Recreation Center, tops them all as a wonderful amenity conveniently located in our own backyard. And it's a bonus that my waistline and cholesterol are benefiting from walking on the beautiful nature trails around the neighborhood to get there.

While the new rec center is generating a lot of excitement and will be great for our physical wellbeing, there's another new facility opening up just 1.5 miles from our neighborhood that focuses on mental health.

Wellness Loudoun officially launches on October 11th, the day after World Mental Health Day. The nonprofit is now up and running, offering low- and no-cost classes, events, and support groups. The group's vision is to have a community where no one struggles alone, and everyone has the support they need to heal and thrive. For now events are being held at Crossroads UMC (corner of Windmill/Crossroads and Ashburn Farm Parkway) until their adjacent 5,000 square foot facility is built. In addition, they are holding a Depression-Bipolar support group, art expression classes, yoga and a variety of lunch and learns. The site has two counselors seeing patients, and is also preparing to kick off their Bridging the Gap program, which steps in to offer support while individuals are on a waitlist for mental health services.

As our community continues to grow, it's great to see facilities that support both physical and mental health. To find out more about Wellness Loudoun, please visit wellnessloudoun.org.

Tennis & Pickleball News

An Update from the Director of Broadlands Tennis, Alex Angiolillo, Blue Chip Tennis

You may have seen me teaching at the Claiborne Parkway Courts early in the morning or at the Stonehouse Courts for pickleball. Since joining Blue Chip in April, I have been enthusiastic about enhancing and expanding the current program offerings at Blue Chip. My goal is to develop the racquets program in Broadlands to its fullest potential. Alongside the Director of Pickleball, Fred Taylor, and staff professional Mo Rashad, I believe we have a fantastic team dedicated to providing high-quality programming for everyone in Loudoun County. As I continue to connect with community members, the weekly summer camps have provided a fun and supportive environment for juniors to improve their tennis skills while fostering camaraderie. Participation in junior racquet programming has been steadily increasing, and I look forward to meeting more students and growing the programs as the fall season begins with the start of school.

Our summer pickleball leagues have been very successful and remain popular due to high demand. We have also added more pickleball and tennis clinics, such as Beginner Ladies Tennis, Men's/Women's & Mixed Morning Workouts, Intro To Pickleball & more. A full list of current programs, as well as, fall programming is available on the Court Reserve App. The fall session starts Monday, 8/25, and runs through Sunday, 10/19. You can also access through the QR code below or the Broadlands HOA website, broadlandshoa.org/tennis-pickleball. For further help we can be reached by phone at (202) 792-2860 or broadlands@bluechiptennis.net.

Fall Programming Begins Monday, August 25th-8 weeks(NO programs 9/1)

All junior and adult programming will start Monday, 8/25, and run 8 weeks through Monday, 10/19. Monday programs run for 7 weeks due to the Labor Day Holiday. Program registrations after the fall session has started will be prorated accordingly.

September 19th- 6:00pm-8:00pm Adult Tennis & Pickleball Socials

Tennis Social: Claiborne Parkway Courts with Alex
Pickleball Social: Stonehouse Courts with Fred

Join Alex & Fred after work for a fun evening of socially organized play with beverages, snacks & music provided. Socials are open to Broadlands residents & non-residents with all levels welcome.

Saturday, September 20th: Dynamic Universal Pickleball Rating (DUPR) Day Stonehouse Courts

Join us for an afternoon of DUPR structured round robin play. DUPR Day is designed for those who do not have a universal rating and are looking to

establish a pickleball rating for DUPR events & leagues. Those with ratings who wish to accurately update their rating are also welcome. After matches are complete, scores are submitted to DUPR and ratings are generated. This event is FREE for all Broadlands residents and their guests. Limited spots are available, so be sure to register quickly.

Used Tennis & Pickleball Equipment Donation Drive: September 1st- November 1st

Have old paddles, racquets, shoes, clothes, or tennis bags lying around that aren't being used? Consider donating your old racquet equipment to those in need in developing countries who are learning the game of tennis and pickleball. Coach Alex & Coach Fred will accept gently used racquets, shoes, and clothes as long as the clothes are in good condition with no tears/stains, and the racquets/paddles have strings, no cracked frames or severely chipped paint. Items must be dropped off to Coach Alex at the Claiborne Parkway courts or pick-up can be arranged separately.

September Player Spotlights

Player Recognition Where it Matters! Tennis

This month's spotlight goes to Chase Barnett. A sophomore at BWHS, Chase made the tennis team his freshman year but did not start during the season. Determined to make the team sophomore year and start in the top 6, he quickly started taking lessons with Alex. After a thorough assessment and game plan, Chase has already improved his overall tennis game and continues to impress Alex with his drive, determination, and focus.

Pickleball

This month's spotlight goes to Namish Tawal. Over the course of the league season, he has demonstrated integrity, sportsmanship, and respect by welcoming new players with open arms. He continues to demonstrate and embody what a pickleball player should be and continues to impress Fred, Mo, and Alex daily.
